MIDDLETOWN DAILY ARGUS.

VOL. XXI, NO. 6,152. MIDDLETOWN, N. Y., WEDNESDAY. SEPT. 30, 1896. 30 CENTS PER MONTH, PRICE 2 CENTS.

TRAINS ARE DELAYED

Operators' Strike Causes Serious Trouble on the Canadian Pacific.

ONLY A LITTLE FREIGHT MOVED

Trains Sent Out Under the Flag System and Strikers Predict a Serious Smash-up — Officials Say Things Will Soon Be in Good Shape Again.

Toronto, Ont., Sept. 30.—There is no doubting the fact that there is serious trouble on the Canadian Pacific Railway company's system. A reporter called at the dispatcher's office at the Union station this morning and there met Supt. Leonard. The superintendent appeared to be perturbed, but found time to explain why his division was to-day being operated under difficulties. He said two of his dispatchers here, Messrs. Smith and Joyce, had obeyed the order issued from Montreal to go out on strike and a number of operators at intermediate points between Toronto and Montreal and Toronto and Windsor had also left their posts. Two operators at Toronto Junction, one at Parkdale and one at Leaside ceased work as soon as the dispatch from their master workman was received, but Supt. Leonard states that all of these positions have been filled by good men. In his opinion the through freight and passenger traffic will not be materially interfered with, as these trains run on schedule time and can be operated quite as easily by three operators between here and Windsor and three between here and Smiths Falls. But the way freight trains will probably be delayed, although they were all sent out from the eastern and western ends of the division to-day. Mr. Leonard estimates that on his division some eighty operators have quit work, but a number of these are men who also do station agency work and are still at their posts so far as this work is concerned. They refused to do any operating until the difficulty between the Brotherhood and the road had been settled, and this will likely have the effect of wiping their names off the payroll. There is no question about the strike being general over the Canadian Pacific railway system as only three out of eight night operators worked after the order from headquarters was received between Smith's Falls and Havelock, and between Havelock and Toronto only two out of five night men remained at their posts. It is claimed by the strikers that all these men who remained at the key are students. While the strike, so far as can be learned here, appears to be general on the Canadian Pacific, there does not seem to be much danger of its extending to the commercial system of the Canadian Pacific at present. Freight trains that are now being sent out are run under the flag system and the strikers say that if there is not a serious accident it will only be due to pure luck.

Passenger Train Eleven Hours Late.

North Bay, Ont., Sept. 30.—Only two or three operators are working between Chalk River and Sault Ste Marie along the line of the Canadian Pacific railway. A passenger train from the east one here at 9 a. m. arrived at 8 o'clock last night, eleven hours late. No freight trains are running to-day.

Traffic Greatly Retarded.

Windsor, Sept. 30.—Traffic on the Canadian Pacific at this point is greatly retarded as a result of the operators' strike. At many stations where the operators have gone out, trains are at a standstill and communications with the dispatchers is, in many cases, being carried on by telephone. On the eastern portions of the Ontario division there is a blockade of trains which will cause heavy loss in the case of perishable freight.

Hamburg's Horticultural Exhibition.

Washington, Sept. 30.—The secretary of agriculture is in receipt of a communication from the department of state inclosing advices from the German ambassador of the horticultural exhibition to be held at Hamburg during the year 1897. This exhibition, which will be open from May to September of that year, is designed to embrace the entire field of horticulture and all kinds of plant culture, and it is confidently expected that it will be the most comprehensive and important horticultural exhibition that has ever been held.

Montreal's First Leper.

Montreal, Sept. 30.—The first case of leprosy ever discovered in this city has just resulted fatally at the general hospital. Lee Lung, a Chinaman, who arrived here about a year ago, was taken to the hospital recently suffering from a disease which on being diagnosed was known to be leprosy. A strict examination is to be made among the Chinese colony to discover if any other cases exist.

For Joint Debate.

Louisville, Sept. 30.—It has been decided by the free silver democratic state central committee to ask for a division of time between secretary John G. Carlisle and senator J. C. S. Blackburn for the four speeches the secretary of the treasury is to deliver in Kentucky.

POLICE RAID DENOUNCED.

A Philadelphia Judge's Opinion on Certain Rights of a Citizen.

Philadelphia, Sept. 30. — Judges Thayer, Wilson and Arnold in the quarter sessions court yesterday heard testimony on a writ of habeas corpus taken out for Michael Woelper and seven fellow-Italians, who were recently held in $3,000 bail each for an alleged assault and battery, with intent to kill, upon eight policemen. The officers were engaged in making a raid on a house on September 20, where it was alleged Woelper conducted a "speak easy." The occupants resisted and a general fight followed, during which Michael Pezza, one of the inmates, was shot and killed while on the roof. In delivering the court's opinion, Judge Thayer said that the raid and arrest were both infamous and outrageous, and that all the prisoners, with the exception of Woelper, who would be required to enter $600 bail to answer the charge of selling liquor without a license, should be discharged. He further said that when an armed force of policemen made an onslaught on a dwelling on Sunday for the purpose of serving a misdemeanor warrant the occupants had a perfect right to use every brick on their chimney to resist the illegal attack. In the opinion of the court, he said, it was not through any instrumentality of the prisoners that Pezza was killed. All the prisoners, with the exception of Woelper, were then discharged.

IN DISTRESS AT VIENNA.

An American Woman Given Shelter at the U. S. Consul's Home Attempts Suicide.

Vienna, Sept. 30. — An American woman named Constance Elroy visited the American consulate in this city Monday. She was in great distress and her story so affected Consul-General Judd that he sent her to Mrs. Judd, who insisted upon her remaining as her guest until her circumstances should improve. Miss Elroy appeared very grateful for the kindness shown her, but was very despondent. Shortly after she had retired Monday night groans were heard in her room and upon investigation it was discovered that Miss Elroy had taken a large dose of poison. Medical assistance was summoned and most of the poison was removed. The woman may possibly recover, but her condition is still very critical.

ASSISTANT IN SOCIOLOGY.

Dr. Dubois the First Colored Man to Receive a Fellowship in the U. of P.

Philadelphia, Sept. 30.—Dr. W. E. Dubois, colored, who was graduated from Harvard college several years ago and who has studied in the German universities, has been appointed to a fellowship in sociology at the University of Pennsylvania. He is the first one of his race to hold such a position in this university. He will be an assistant to Dr. Samuel Lindsay in sociology. Dr. Dubois will not be considered a member of the faculty and will not lecture at college. His work will be among the colored population of Philadelphia. He will make a house-to-house investigation of the colored settlements, giving to the university authorities the results of his observations.

Democratic Campaign in New York.

New York, Sept. 30.—Chairman Danforth of the state democratic committee was one of those who attended the conference at the Fifth Avenue hotel last evening. He was reluctant to talk about what had transpired. It was learned this morning that the situation in New York state was particularly discussed, and it was decided to put up a hot fight here. The details of the plan of campaign to be pursued in this state will be perfected, in all probability, at the meeting of the state executive committee to-day at the Hotel Bartholdi.

NEW YORK MARKETS.

Wheat—Spot held firm with fair trade. Sept. 70⅝c.; Oct. 70¼c.; Dec. 72⅝c.

Corn—Spot dull; prices doubtful. Sept. 27¼c.; Oct. 27¼c.; Dec. 28½c.

Oats—Spot steady with fair trade. Sept. 20c.; Oct. 21c.

Potatoes—Continue in brisk demand, and with moderate offerings the market is firm at the recent advances. Long Island, in bulk, per barrel, $1.00@1.25; New Jersey, round, choice, per barrel, $1.12@1.25; per sack, $1.00@1.10.

IMPORTS OF GOLD

Another Big Consignment Now on Its Way from Australia.

TO BE RECEIVED AT SAN FRANCISCO

The Bank of England Expects To Lose $5,000,000 to the United States Before Saturday Next---Will Swell Treasury Reserve.

New York, Sept. 30.—A dispatch from Syndey, New South Wales, conveys the news that the British steamship Monowai, had sailed for San Francisco having on board $2,375,000 gold for this country. It was said that nearly all the importations of gold from Australia, aggregating about $4,000,000, should be credited to Lazard Freres as agents and owners of the London, Paris and American banks, to whose office in San Francisco the gold is consigned. A representative of the firm of Lazard Freres in this city, however, declined to corroborate the report or give any information on the subject. J. & W. Seligman are also reported to have imported some gold direct from Australia to San Francisco. That firm represents the Anglo-California bank, limited, of San Francisco, and the Bank of Commerce of San Francisco. It is believed that the actual gold reserve of the United States treasury to-day is $128,000,000, and with the gold actually on the way here and in sight it will be, by the end of the week, $132,000,000. A dispatch from Washington said: "The director of the mint has received a telegram from the San Francisco mint stating that about $1,500,000 in gold was expected to arrive there from Australia a week from next Friday. Information also comes from London that the Bank of England expects to lose $5,000,000 to the United States before the end of the week. Both of these shipments are expected ultimately to reach the treasury, which, together with the amounts already in sight, will bring the gold reserve approximately to $125,000,000."

AGAINST DRAWBAUGH.

Court of Appeals Decides That He Did Not Invent the Telephone Transmitter.

Washington, Sept. 30.—The court of appeal of the District of Columbia has rendered a decision in the case of Daniel Drawbaugh, who was refused patents for certain alleged new improvements in telephone transmitters. The decision was written by Chief Justice Alvey and affirms the decree of the commissioner of patents. The case was divided into two parts and argued before the court last November. The decision was withheld because of the application of Mr. Drawbaugh to congress for relief. This application was withdrawn by Mr. Drawbaugh, whose petitions for patents were filed in 1883 and 1884. The court of appeals held that Mr. Drawbaugh never was the inventor of the transmitter.

Strike Against Wage Reduction.

Ware, Mass., Sept. 30.—About 250 weavers in the Otis company's cloth mills in this town struck last evening on account of a reduction in wages of two cents a cut of cloth. Agent Tucker asked the men to continue work two weeks on the old pay, but the help refused and marched out in a body. There was no trouble or disturbance, and a settlement is soon expected. The mills started on full time this week after running half time for six months.

Rear Admiral Chandler's Son Wed.

Geneseo, N. Y., Sept. 30.—The marriage of Miss Mary Wharton Wadsworth, daughter of Mr. and Mrs. C. F. Wadsworth, to Porter Chandler, son of Rear Admiral Chandler of the navy, took place at St. Michael's church at high noon. The newly wedded couple left for New York, and will take a steamer for Japan for an extended wedding tour. Upon their return Mr. and Mrs. Chandler will locate in the Genesee valley and Mr. Chandler will engage extensively in stock raising.

Chief Makoni's Execution Sanctioned.

Cape Town, Sept. 30.—A special court martial has acquitted Major Watts, who was tried with reference to the summary execution of the Matable Chief Makoni within twenty-four hours of his capture, and without referring the decision of the court martial on which the execution was based to the high commissioner for South Africa.

Serious Riot over a Tract of Land.

Greensburg, Pa., Sept. 30.—A riot occurred yesterday near Ligonier over a disputed tract of land, in which superintendent George Senft of the Ligonier Valley railroad was shot in both legs. A number of others were badly hurt, being beaten with clubs. The shooting was done by Dixon Houston, owner of the land. All were arrested.

Jettisoned Part of Her Cargo.

London, Sept. 30.—The British steamer Persia, Capt. McDonald, from Baltimore, Sept. 2, just arrived at Londonderry, was compelled to jettison part of her cargo. Her deck fittings and steering gear were damaged by the storm which the vessel encountered.

TERRIFFIC STORM IN GEORGIA

Great Damage to Property and Loss of Life Near Savannah.

Millen, Ga., Sept. 30.—A terrific storm accompanied by rain struck this section of the country yesterday. The city of Savannah suffered severely and several people were killed there. The United Associated Presses representative made his way out of the city on foot, reaching here late last night. He reports great destruction and the loss of four lives. The Plant system depot was entirely demolished, a number of churches levelled to the ground and all the shipping in the harbor suffered severely.

Seven Lives Lost; $1,000,000 Damages.

Savannah, Ga., Sept. 30.—Seven lives lost, a million dollars worth of property destroyed, is the record of the cyclone which swept Savannah for forty-five minutes yesterday. The loss of life and damage to property outside of the city may be greater than now known. Hardly a house in the city escaped without more or less damage, though there are few comparatively total wrecks. Reports from Brunswick, Ga., state that the storm was very severe there and at adjacent points. A number of lives were lost and the property loss will exceed a million.

Great Damage at Baltimore.

Baltimore, Sept. 30.—A severe southeast hurricane struck this city at 11 o'clock last night. Houses were unroofed, wires prostrated, windows smashed and sign boards blown from their fastenings. Several schooners that were tied up at Pratt street wharf broke from their moorings and are resting in the middle of Pratt street. The floors and cellars of warehouses were flooded. The Western Union Telegraph company report that their wires are down in all directions.

MORRISON'S BIG SHORTAGE.

Rensselaer County Supervisors Demand an Additional Bond of $100,000.

Troy, N. Y., Sept. 30.—The Rensselaer county supervisors yesterday afternoon adopted a resolution requiring the county treasurer, George H. Morrison, to give an additional bond of $100,000 within twenty days. In event of failure to give the required bond the office will be declared vacant. From an examination of the books of the county treasurer it is found that there should be in the neighborhood of $250,000 to the county's credit. The finance committee of the supervisors is engaged in making an examination of the accounts and it is expected that a report will be presented at a meeting of the supervisors Friday. Hon. L. E. Griffith has been engaged by the county in the prosecution and senator Myer Nussbaum has been engaged as counsel for Mr. Morrison.

ANOTHER FENIAN RUMOR.

New Irish Republican Organization Said To Have Been Formed in London.

London, Sept. 30.—The Daily Mail asserts that there is no doubt that a Fenian revival meeting was held in the west of London on Sunday at which a letter was read from William Lyman stating that he was prepared to finance a new movement entitled "The Irish Republican Federation," on condition that an inner circle should be formed of which he should have control from America. "This was agreed to," the paper says, "and yesterday a manifesto was printed for circulation in Ireland. The officers will be taken to London and Dublin and an envoy will proceed to New York to see Lyman." The manifesto appeals to Irishmen to raise the standard of revolt, and vehemently denounces the tribe of "kid-glove patriots" in parliament.

Trenton Inter-State Fair.

Trenton, Sept. 30.—To-day and to-morrow will be the big days at the inter-state fair. Garret A. Hobart will attend the fair to-morrow, and all the leading politicians of the state will be present. Yesterday was Children's Day and upwards of 6,000 of them swarmed over the grounds. Altogether the attendance was about 12,000. The inclement weather, it is feared, will continue throughout to-morrow and greatly spoil the attraction.

Nail Manufacturers' Conference.

New York, Sept. 30.—It was admitted this morning by a prominent nail manufacturer, who is in attendance at the conference of nail manufacturers now being held in this city at which all the leading firms in the country in that branch of industry are represented, that the conference is for the purpose of regulating prices and fixing the output for October. It is not likely that an increased output will be adopted at the present meeting.

Sues for Unpaid Insurance.

Hartford, Sept. 30.—Insurance Commissioner Betts has been served with notice of a suit for $3,000 brought against the Queen Insurance company of America by Frank A. Lawrence of Orange, Conn. Plaintiff's house at Hamden, insured in the company, was burned last October, and he claims the insurance has not been paid.

Russian Commercial Fleet in the East.

St. Petersburg, Sept. 30.—It is announced here that the Russian commercial fleet trading with China, Japan and Corea, will soon be increased by five large steamers.

THE TAMMANY RALLY

Mr. Bryan Addresses a Big Gathering of the Braves.

WAS BOOKED FOR OTHER SPEECHES

So Greatly Exhausted, However, That He Merely Bowed to the Crowds That Gathered at the Open Air Meetings.

New York, Sept. 30.—The Tammany organization last night formally ratified the nomination of William J. Bryan and Arthur Sewall for president and vice-president respectively, and the candidates nominated by the democratic convention at Buffalo, and endorsed the Chicago and state platforms. Mr. Bryan was present at the meeting held in Tammany hall, and the audience numbered probably 5,000 people, all, in fact, that could be crowded into the hall, and those who succeeded in getting inside were compelled to stand throughout the proceedings, as the chairs had been removed to make more room. The audience was good-natured despite the uncomfortable environments. The hall had been sparsely decorated with flags and banners. Over the platform were portraits of Bryan and Sewall, though they in nowise resembled the candidates. In the gallery was stationed a brass band, and the patriotic airs rendered aroused the exhuberance of the crowd. The "What's the matter with so and so," and "He's all right" men were in full evidence during the meeting, and the air was kept stirring with their cries all evening. Tammany was determined that every word uttered by Mr. Bryan should be heard by those in the hall, and with this end in view had erected a sounding board, in the shape of a canopy, directly over the speaker's position on the platform, the candidate standing under it while speaking. The meeting was called to order by John W. Keller, the presiding officer. Mr. Keller delivered a short speech laudatory of Mr. Bryan and Tammany hall and in denunciation of Mr. McKinley. Resolutions were read endorsing the platform adopted at the national convention held in Chicago and the state democracy convention at Buffalo, and the candidates named on those occassions. The British government was denounced for its inhuman treatment of Irish prisoners, and sympathy with the Cuban cause was expressed. Immediately after the adoption of the resolutions Mr. Bryan, accompanied by Mr. Sewall, Senator Thomas F. Grady, Senator Daly of New Jersey and George Fred Williams of Massachusetts appeared on the platform. A great outburst of cheering greeted Mr. Bryan's appearance. After the cheering had ceased, Mr. Bryan was introduced by the chairman, and he at once launched into his speech. His remarks were, as usual, confined mainly to financial issues. He cut his remarks rather short, as he was booked to speak at other places during the evening. The second, third and fourth speeches of the democratic candidate's were to have been delivered from stands erected in the open air, but owing to the fact that he was thoroughly exhausted by his Tammany hall effort, and because of the inclemency of the weather, he merely bowed his thanks to the large crowds that surrounded them. The open air meetings were at the Union square plaza in 17th street, three blocks from the wigwam, at Washington square monument, and at a stand in front of Tammany hall. Six other stands had been constructed in the neighborhood, and from those speakers of national prominence made speeches. One of the meetings was exclusively for the benefit of laboring people, and thirteen wage-earners made addresses there. Then there was an Italian stand, and from this local supporters of the Chicago ticket from the land of wine and olives talked in their native language to an audience of fellow countrymen. Lord Russell, lord chief justice of England, Lady Russell and Lady Lockwood occupied seats on the platform during Mr. Bryan's address at Tammany hall.

Vessel Badly Damaged; Cargo a Loss.

Portsmouth, N. H., Sept. 30.—The two-masted schooner Richmond, Capt. Jameson, from New York for Camden, Me., which went ashore Monday night on Triangle ledges off York, Me., has been towed into this harbor on her broad side, in a badly damaged condition. The schooner's cargo consisted of 2,000 bags of grain which will be a total loss. It is doubtful if the present condition of the vessel will warrant repairing her.

Erie Railroad Statement.

New York, Sept. 30.—The statement of the Erie Railroad company for the month of August shows gross earnings of $2,687,666, a decrease of $158,813; working expenses, $1,825,479, a decrease of $248,290; and net earnings, $852,166, an increase of $89,477.

Elected Lord Mayor of London.

London, Sept. 30.—Alderman George Faudel Phillips, sheriff of the county of London, has been elected lord mayor of London to succeed Sir Walter Wilkin.

SPAIN CANNOT WIN.

Opinion of the London Times Regarding the Situation in Cuba.

London, Sept. 30.—The Times has a letter from its Havana correspondent describing the forced-currency issue in Cuba, in the course of which he says: "Both the custom house and the Spanish bank itself refuse to accept the banknotes. It is therefore ridiculous to hope that Capt.-Gen. Weyler's decree will maintain them at par." The correspondent predicts that within a few months the banknotes will be at 50 per cent. discount. He says that the bitterness of the Spanish officers in Cuba against the United States is constantly on the increase, as it is seen that nothing stops the landing of filibusters. The Times also has an editorial on the Cuban situation which says that the letter from its correspondent shows that nothing has occurred to justify a more cheerful view of the situation there. "Spain," says the Times, "is incapable apparently of such resolute and continuous effort as is needed to reconquer the island."

MASSACRES RESUMED.

Report of the Murder of a Thousand Armenians at Mikde Last Saturday.

London, Sept. 30.—The Berlin correspondent of the Standard telegraphs that a dispatch received in that city from Constantinople says that the governor of Kharput reports that a thousand Armenians were massacred at Mikde on Saturday last.

The Turkish Situation.

Paris, Sept. 30.—A semi-official note issued to-day says that the embassies at Constantinople are unanimous in regarding the representations made to the sultan by M. Cambon, the French ambassador, as having exercised a most effective influence upon the Turkish government, and as being destined soon to deprive the eastern question of much of its acuteness.

Fishing Disasters During the Year.

Gloucester, Mass., Sept. 30.—A summary of the fishery disasters during the year ending with the present month shows that seventy-four lives have been lost, as compared with an average of ninety-nine for the past twenty-two years. Many of the men left wives and children, who were dependent on their earnings. The number of vessels lost is thirteen, which is less than last year. The tonnage was 823, 65-100; valuation, $60,000; insurance, $46,648.

New England Baseball Championship.

Providence, Sept. 30.—In the first of the series of games between the Providence and Boston clubs for the championship of New England, the Bostons were outbatted and defeated by the score of 7 to 4. It was a funny game, full of free hitting, lively fielding and there were misplays bunched in the early part of the game in an alarming fashion. After the second inning both teams settled down and made it an interesting contest.

Missing Man's Body Recovered.

Washington, Sept. 30.—Late yesterday afternoon the workmen who had nearly cleared the first floor of the building on Thirty-first street, Georgetown, wrecked by a gasoline explosion Monday, stumbled across a foot, the end of which barely projected above the debris. The face was clotted with blood and the arms were in a position as if to ward off falling walls. The body was that of Frederick Lentz, the missing man.

Republican Congressional Split.

Johnstown, Pa., Sept. 30.—The republican conferees of the Twentieth congressional district split yesterday afternoon, the Somerset and Bedford county conferees nominating F. J. Koeser. The Blair and Cambria conferees left for Harrisburg last night to consult with the state officials. Mr. Koeser also went to Harrisburg, as the nomination papers had to be filed before midnight.

Report of Commissioner of Education.

Washington, Sept. 30.—William T. Harris, commissioner of education, has submitted his annual report. It shows an increase in the attendance of pupils in all schools, notwithstanding the business depression. A large part of the report is devoted to the elucidation of Dr. Sheldon Jackson's scheme of stocking Alaska with reindeer. The commissioner advocates maintaining two large herds as a base of supplies.

End of the Corbett-Sharkey Fake.

New York, Sept. 30.—The alleged match between Corbett and Sharkey has been formally declared off by the former. As a matter of fact, no match ever really existed between the men. They had a sort of agreement to get a big purse for a go and pretended to have $5,000 a side posted. No stakeholder could be found, neither could any athletic organization be induced to offer a purse.

Fighting in Matabeleland.

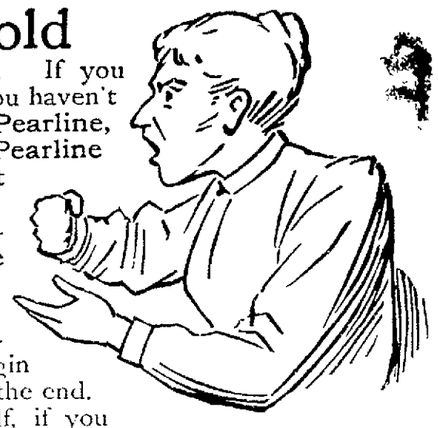
Salisbury, Matabeleland, Sept. 30.—There has been serious fighting on the Mezoe river during the last three days. During one engagement a British force was hemmed in for ten hours by a strong force of insurgents.

Du Maurier Seriously Ill.

London, Sept. 30.—George Du Maurier, the artist and novelist, is seriously ill with lung trouble.

Don't Scold

about washing powders. If you feel like it, it's because you haven't got the right kind. Get Pearline, and see the difference. Pearline has been imitated — but never been equalled. There are all kinds of imitations; powders that save work, but ruin clothes; powders that don't hurt, and don't help you: powders that are cheap to begin with, but dear enough in the end. Try them all for yourself, if you won't take our word for it. But don't get them mixed up in your mind with Pearline.



Send it Back Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back.* 319 JAMES PYLE, New York.

Sold by J. E. MILLS.

THE PUBLIC'S MEMORY.

It Is the Most Fickle Thing of Which We Know.

Statesmen Who, a Few Years Ago, Controlled the Destinies of the Nation, Are Now Not Even Remembered by Name.

[Special Washington Letter.]

"The people forget very quickly," said Senator Hill one evening when he was being complimented for his defense of his party. "They are quickly appreciative and ready to applaud when they think it is right; but they very soon forget public services."

That is very true, and several gentlemen who heard the remark of Senator

EX-SECRETARY RICHARD THOMPSON.

Hill were discussing it this evening. We reverted to the public men who had passed away and been forgotten in a generation. The question was asked, "Who were the members of the cabinet of Abraham Lincoln?" Not a man in the gathering could name all of them.

William H. Seward, secretary of state, had so much to do with our foreign relations during the civil war that his name was readily recalled. Edwin M. Stanton, secretary of war, had his name in the newspapers every day, and hence became so prominent that his name was easily recalled. But Salmon P. Chase, secretary of the treasury, was seldom heard of in comparison with the others, and only one man present recalled his name. The other members of the Lincoln cabinet were forgotten, until a veteran sailor reminded the gentlemen that Gideon Welles was secretary of the navy.

Gen. Grant was president for two terms, and nobody in our party could give the names of the members of his cabinet. They were all great men, and all served their country with distinction, but their names do not stand forth prominently in the memory of men: so that a gathering of gentlemen who have dealt with public men for many years could not give their names. Grant was the central figure of his own administrations. The members of his cabinet who were unfortunate were recalled, but none of the others.

President Hayes had a cabinet composed of strong men, and their names were more easily recalled, because it has not been so very long since they were here with us. Can you name them all, or any of them? William M. Evarts was secretary of state; John Sherman was secretary of the treasury. Richard Thompson, of Indiana the venerable statesman who still lives, was secretary of the navy. David M. Key was postmaster general, and is remembered chiefly because he was the first southern man given a cabinet position after the civil war. George W. McCrary, the author of the electoral commission bill, was secretary of war. Carl Schurz was secretary of the interior, and Gen. Charles Devins, of Massachusetts, was attorney general.

Mr. Evarts was in the senate for six years, and then retired to private life. John Sherman has been in the senate ever since, and has twice been a presidential candidate. McCrary, Key and Devins are dead. Carl Schurz is an editor.

If their names were not mentioned thus particularly, who could recall them without great mental effort? Very few.

President Garfield had a strong cabinet, but it was broken up after his death, and a new cabinet was formed by President Arthur. You might find it difficult to recall the names of the members of either one of those cabinets. Blaine was secretary of state in Garfield's cabinet, and Frelinghuysen was secretary of state in Arthur's cabinet. Can you guess the names of the others? And yet, it is only 15 years since both of those cabinets were formed. You will probably recall the fact that Robert T. Lincoln, son of Abraham Lincoln, was appointed secretary of war by President Garfield, and was retained in Arthur's cabinet. He was minister to Great Britain during Harrison's administration.

But, as a test of the truth of the fact that our leading men are soon forgotten, how many can to-day give the names of the members of Cleveland's cabinet, during his first administration? It was on or about March 6, 1885, that the first Cleveland cabinet was appointed. Can you name the great men who stepped to the helm and aided Cleveland in guiding the ship of state? They were all men of superior ability. Can it be possible that they have been forgotten in so short a space of time?

Thomas F. Bayard was secretary of state. He went into private life and would have remained there, but for the re-election of Cleveland, when he went to succeed Lincoln as minister to Great Britain. He could never have gone to the senate. Daniel Manning was secretary of the treasury while in office, from over-work, successor, Fairchild, went into security of private life, and was entirely forgotten by the public. Garland, of Arkansas, one of the brilliant men of the south, became Cleveland's attorney general, and at the close of his term became a claim agent in Washington, where he still resides, entirely forgotten except by the people of his own state. Secretary of War Endicott is forgotten, except by his Massachusetts friends. William C. Whitney, secretary of the navy, is a man of millions, and hence has kept himself before the people. Senator Lamar, of Mississippi, secretary of the interior, was made an associate justice of the supreme court, and died while in that position. Postmaster General Vilas became secretary of the interior to succeed Lamar, and Don M. Dickinson, of Michigan, became postmaster general. Dickinson has kept in public life, or in the public mind, by reason of his attachment to Cleveland and his fortunes. Vilas secured an election to the senate, and hence has not fallen away from public view. But, as a matter of fact, the second election of Cleveland had much to do with keeping some of his cabinet ministers before the public.

Who can name the members of the cabinet who were appointed by President Harrison, in 1889? Think of it, only seven years since they were appointed, and only three years since they went out of office; and how many of the members of that cabinet can you name? You may agitate your memory by scratching your head or tapping your forehead; but you will realize the truth of Rip Van Winkle's assertion, "how soon we are forgotten when we are gone," when you try to remember the names of those distinguished men. Can you tell who was secretary of state under Harrison's administration? It was James G. Blaine. His secretary of war was Redfield Proctor, of Vermont, who resigned, and was succeeded by Stephen B. Elkins, of West Virginia. Both of those gentlemen are now members of the senate. William Windom, of Minnesota, was secretary of the treasury, and died suddenly while delivering a public address in New York city. He was succeeded by ex-Gov. Charles Foster, of Ohio, who served until the close of his term. John W. Noble, of Missouri, was secretary of the interior, and John Wanamaker, of Pennsylvania, was postmaster-general. Probably the most popular member of the Harrison cabinet was Secretary of Agriculture Rusk, whom everybody called Uncle Jerry. The farmers will all remember the celebrated "horse book" which was issued by Uncle Jerry. Hundreds of thousands of copies of it have been issued by authority of congress. William Henry Harrison Miller was Harrison's attorney-general.

Few to-day ever think of Benjamin Harris Brewster, who was attorney-general, and the most picturesque figure in the Arthur administration. He was a man of marked peculiarities in dress, and his features were disfigured by an accident; but he was a man of superior ability. Ex-Senator Howe, of Wisconsin, was Arthur's postmaster-general, and died in office. He was succeeded by Gen. Gresham, who was postmaster-general for nearly two years, then became secretary of the treasury, and was appointed a district judge; but afterwards became secretary of state in the second Cleveland administration, and died in office.

EX-SECRETARY WILLIAM M EVARTS

Frank Hatton cannot be forgotten while any of his personal friends live, for they will keep his memory ever green. But he ceased to be known by the general public after he ceased to be postmaster general. He built up a great newspaper in Washington city, and died while in the editorial chair, being stricken suddenly while apparently in the prime of life.

Some of these cabinet ministers cherished presidential ambitions. Chase wanted to succeed Abraham Lincoln, but Lincoln made him an associate justice of the supreme court. Elihu B. Washburne, Don Cameron, Blaine, Bristow, Hamilton Fish, Sherman and Bob Lincoln all listened to the buzzing of the presidential bee; but they fell short of nominations. Whoever took hears of Landaulet Williams, Columbus Delano, Ackerman, Speed or MacVeagh?

What is said of members of the cabinet may also be said of many men who filled the forum of discussion in either house of congress, and then passed away from public view. It is not that republics are ungrateful, but that the people are forgetful. They have not space in their memories for all of the great men who rise to the surface in the maelstrom of our political affairs. Moreover, the people of this country are not hero worshipers. There is no man so great in this republic but that the people feel that he can be spared at any time, and from the farm, the country, law office or the business circles some man as good or better may be expected to arise and take his place.

Our people are loyal to their friends, and follow their political leaders with wonderful fidelity. Yet they never become enamored of public men, but constantly feel that "all men are born free and equal," and hence they straightway forget them when they have rendered and been paid for such public services as the people desire of them.

JAPANESE PILE CURE

THE ONLY CURE. $1 per Box, 6 for $5

Will cure all kinds of Piles. Why suffer with this terrible disease? We give written guarantee with 6 boxes, to refund the money if not cured.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs promptly removes. That is why it is the only remedy with millions of families, and everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one laxative which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

Pass the good word along the line. Piles can be quickly cured without an operation by simply applying DeWitt's Witch Hazel Salve. W. D. Olney.

IN ANCIENT GOSHEN.

The Ladies' Whist Club Resumes Its Meetings—Other Local Notes—Personal Mention—A Cheerful Entertainment—One Summer and Its Work.

From a Special Correspondent.

—The Ladies' Whist Club was entertained, this afternoon, by Mrs. Percy Wisner, at her home on South street.

—The ladies of St. James' Guild will meet to sew, to-morrow afternoon, at the residence of Mrs. Campbell Steward.

—Rev. David Evans, of Middletown, preached a fine sermon at St. James' Church, on Sunday morning.

—Miss Julia Van Vliet left, last week, for Philadelphia, where she is attending boarding school.

—Miss Mabel Horton, of this village, will attend Miss Mackay's school, in Newburgh, during the coming year.

—One pleasant feature of the Gibson pictures, last week, was their cheerfulness. Years ago, when a series of tableaux was in course of preparation, it was thought necessary to have a fair sprinkling of representations of the signing of death warrants and the harrowing last moments of celebrated people. Lady Jane Gray and Mary, Queen of Scots especially being made to live their sorrows o'er again. Why when we go out, presumably to enjoy ourselves, we should have the dead and buried tragedies of other lives, long since lived out, set before us for our entertainment is a mystery. There is generally enough sorrow right in the present in our lives and in those about us—death warrants of many hopes and joys, tragedies, commonplace enough, some of them, but sad enough, too, being enacted on all sides of us, without raking over the dead ashes of the past in search of something to make us temporarily miserable. When we go out with a prospect of enjoyment before us, the majority of us would much prefer being moved to laughter than to tears.

—In one of the Sunday papers appeared an article headed "Lieutenant Peary's Summer Work—He Brings Home a Couple of Polar Bears." When the writer read these words she could not help speculating as to Mrs. Peary's sensations when her lord and master appeared with the result of his summer's labors. Some of the fancy work that is the result of the summer's work of a portion of our own sex is rather obnoxious, but it can generally be disposed of in some harmless way; put in the spare room with the family portraits or placed in some other equally unobtrusive position, but the lady in question can't put two polar bears in her spare room, unless she has some especially unwelcome guests. By the way, if mother-in-law jokes had not gone out of style what a chance this would be for one. Well, everyone has troubles enough of their own, and it isn't worth while to worry about those of others, but there is no truly kind hearted woman that will fail to drop a tear of sympathy when she thinks of Mrs. Peary and those bears.

G. H.

Fugitive from Justice Caught.

St. Louis, Sept. 30.—George O. Warren was arrested while at work in the chief clerk's office of the Missouri Pacific company's offices yesterday afternoon on a charge of being a fugitive from justice. He is wanted in Baltimore on an alleged charge of obtaining money under false pretenses from a client. Warren is a lawyer.

College Football Match.

Philadelphia, Sept. 30.—Manager McAvoy of the Pennsylvania university eleven, has succeeded in securing the Gettysburg, Pa., college to play in place of Columbian. Gettysburg has a strong team, and as it is stronger than Columbian an interesting game can be looked for.

Gov. Morton Returns to Ellerslie.

Albany, Sept. 30.—Gov. Morton returned to Ellerslie last night. He is not expected again at the capitol before Tuesday next.

A Peculiar Girl.

"Isn't she a queer girl? She keeps a parrot, four canaries and a monkey."

"That's nothing. I know a girl who keeps a secret."—Detroit Tribune.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have Loss of Appetite, Constipation, Headache, Fainting Spells, or are Nervous, Sleepless, Excitable, Melancholy or troubled with Dizzy Spells, Electric Bitters is the medicine you need. Health and Strength are guaranteed by its use. Fifty cents and $1.00 at McMonagle & Rogers' Drug Store.

A hacking cough is not only annoying to others, but is dangerous to the person who has it. One Minute Cough Cure will quickly put an end to it. W. D. Olney.

DeWitt's Witch Hazel Salve is an antiseptic, soothing and healing application for burns, scalds, cuts, bruises, etc., and cures piles like magic. It instantly stops pain. W. D. Olney.

Speed and safety are the watchwords of the age. One Minute Cough Cure acts speedily, surely and never fails. Asthma, bronchitis, coughs and colds are cured by it. W. D. Olney.

They are so little you hardly know you are taking them. They cause no griping, yet they act quickly and most thoroughly. Such are the famous little pills known as DeWitt's Little Early Risers. Small in size, great in results. W. D. Olney.

Only the sufferer knows the misery of dyspepsia, but Hood's Sarsaparilla cures the most stubborn cases of this disease.

WHO SAYS SO?

Everybody Who Has Used Them, and Some of Them Are Middletown People.

Who told you so?
Neighbor so-and-so.
Oh, well. That's all right.
Testimony differs, doesn't it?
The more some people say
The less faith we have.
But the right man's word
Is taken at once.
That's the difference.
People want Middletown reference.
Particularly in matters of health.
We tell you Doan's Kidney Pills cure,
But we are the makers of them.
"Who says so" counts here, doesn't it?
Middletown people say so.
And we give you their addresses.
Perhaps you may know them.
Active lives bring on kidney troubles.
An example of this is

Mr. W. H. Sutton, No. 56 North St., who has charge of the upholstering department of the O. and W. R. R., says: "My health has always been good with the exception of a kidney complaint that has caused me more or less trouble for the last two and a half or three years. Sometimes the pains in my loins was so bad I could not do anything. Every morning when I tried to get up my back was so lame or stiff or sore. I do not know what caused it but I do know when I caught cold it was always worse. I tried amongst other things for it, Doan's Kidney Pills, getting them at J. E. Mills' drug store. In a very short time all traces of my complaint disappeared and I have not been troubled since. I think Doan's Kidney Pills a wonder."

Doan's Kidney Pills are sold for 50 cents per box, or six boxes for $2.50; for sale by all dealers; sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

TESTING STRENGTH OF CABLES.

They Must Be Able to Endure a Great Strain Under All Conditions.

With the increase in the use of high tension, high potential currents, cables are being made of greater strength and efficiency. The copper core, which carries the electricity, is thickly covered with rubber, impregnated jute or other insulating material, and for some purposes not only armored with heavy twisted metal rods, but covered with lead. In this way a cable for very heavy currents may be elaborately brought up to a diameter of two inches or more. The increase in the capacity of cables within the last few years has been extraordinary. When Mr. Ferranti, about six years ago, said he would supply current from the Deptford (London) central station at a voltage of 10,000 he was laughed at by many electricians, who maintained that no insulation could be made efficient enough to withstand the commercial use of such a current. Nowadays such an insulation would be taken as a matter of course, and cables have to stand a much more intense strain. Alexander Siemens recently gave some interesting details of a very complete test to which a large electrical firm had put a cable of their manufacture. They first put it under pressure of 45,000 volts. "But it did not mind," he said. They increased the voltage to 60,000 and left it on for half an hour. But still the cable held out. Then they tried the bending test, and put on 50,000 volts, and it stood it all right. After that they stripped off the lead covering and soaked it in water for 24 hours, and again tried it with 50,000 volts, with the same result. They then put it in a hot room, 100 degrees Fahrenheit, and kept it there for three weeks, after which they increased the temperature to 212 degrees for 24 hours, and they finally tested it with 50,000, but it still held good. After such an ordeal, Mr. Siemens maintained, there need be no fear of the cable standing in India or anywhere else.—Boston

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, Ohio, certifies that Dr. King's New Discovery has no equal as a Cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years standing, caused by LaGrippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial Bottles at McMonagle & Rogers' Drug Store.

Many lives of usefulness have been cut short by neglect to break up an ordinary cold. Pneumonia, bronchitis and even consumption can be averted by the prompt use of One Minute Cough Cure. W. D. Olney.

Tetter, eczema and all similar skin troubles are cured by the use of DeWitt's Witch Hazel Salve. It soothes at once and restores the tissues to their natural condition, and never fails to cure piles. W. D. Olney.

Many political speakers, clergymen, singers and others who use the voice excessively, rely upon One Minute Cough Cure to prevent huskiness and laryngitis. Its value as a preventative is only equaled by its power to afford instantaneous relief. W. D. Olney.

Chronic constipation is a painful, disagreeable and life-shortening difficulty. It deranges the system, causes sick headache, bad breath, and poisons the blood. It can be readily overcome by DeWitt's Little Early Risers. These little pills are great regulators. W. D. Olney.

DeWitt's Colic & Cholera Cure.
Pleasant, quick results, safe to use.

A FRUIT DIET.

Very Often Prevents Recourse to the Use of Medicines.

Descanting upon the value of a fruit diet on account of its antiscorbutic action, a medical writer offers some suggestions and makes some statements which may well be repeated and emphasized. He says: "This lemon-juice cure for rheumatism is founded on scientific facts, and having suffered myself from acute gout for the last 15 years, I have proved over and over again the advantages which are obtained from eating fruit. Garrod, the great London authority on gout, advises his patients to take oranges, lemons, strawberries, grapes, pears, etc. Tardieu, the great French authority, maintains that the salts of potash found so plentifully in fruits are the chief agents in purifying the blood from these rheumatic and gouty poisons. Perhaps in our unnatural, civilized society, sluggish action of the bowels and liver is responsible for more actual misery than any other ailment. Headache, indigestion, constipation, haemorrhoids, and a generally miserable condition are but too often the experience of the sufferer, and to overcome it about half the drugs in the world are given in all sorts of compounds. But bring in your fruit and the whole scene changes. If we go through the back streets of our large towns how many pallid-faced, listless-looking people and children swarm about us, and they have, as a rule, plenty of food.

"As a medicine I look upon fruit as a most valuable ally. When the body is in that breaking-up condition known as scurvy, the whole medical profession look upon fruit and fresh vegetables as the one and only known remedy. I believe the day will come when science will use it very much more largely than it does now in the treatment of many of the everyday ailments. Impure blood means gout, rheumatism, skin diseases, rickets and other troubles. As it is proved that fruit will purify and improve the quality of the blood, it must follow that fruit is both food and medicine combined. In fevers I use grapes and strawberries, giving them to my patients in small but frequent doses—oranges and baked apples, if the others are not obtainable. For rheumatism plenty of lemons are invaluable. White girls with miserable, pallid complexions want a quart of strawberries; where these are not obtainable, bananas, which contain much iron, are a good substitute. Probably of all fruits the apple stands unrivaled for general purposes in the household: either raw or cooked it can be taken by nearly everybody, and it contains similar properties to the more delicate fruits. To my mind the pear is more easily digested than the apple, and for eating uncooked is superior to it. Dried fruits should be used when green cannot be obtained. If soaked for a few hours before cooking, they make a capital substitute for fresh fruit, and they come cheaper to the consumer."—Good Health.

CHEESE AND CHAMPAGNE.

Sad Experience Told by Richard Mansfield in a Hard Luck Symposium.

A number of gentlemen of the acting and writing persuasion were sitting in the Vendome the other evening exchanging hard luck stories. Everyone in the party had run up against grim fate more or less violently at one time or another. The oddest experience was told by Richard Mansfield.

"It was a good many years ago," said Mr. Mansfield, "and I was stone broke in London. I had exactly a sovereign in my pocket, and I had not had a meal all day. Presently I met a friend of mine, arrayed more gorgeously than Solomon—evidently bound for a dinner or a theater. He hailed me with great joy. It was a dinner he was to—a dinner with Lord Cavendish, or some other member of swelldom. In the flush of anticipation my friend said to me:

"'I tell you what we'll do: we'll go in somewhere and have a drink.' And he guided me into one of the many Bodega places about London. They sell a good glass of champagne there, you know, on draught for sixpence. They have a huge cheese out all the time that one can help one's self from. That cheese, you see, is the nearest approach in London to the American free lunch system—"

"Late lamented," interrupted one of the newspaper men.

"Yes, well, I had the champagne, and I did full justice to the cheese, which was tremendously fine. All of which, however, if you know anything about mixing champagne and cheese, was making me hungrier every moment. I was just beginning to wonder how far my shilling would go in appeasement of the inner appetite I felt when my friend said: 'Hang it all!'

"He was feeling in his pockets with a perfect frenzy. Then he said:

"'I say, old man, I'm awfully sorry, but I haven't a penny about me. Would you mind paying for that champagne?'

"And I handed over my last shilling to pay for that burgeon-raising glass."—N. Y. Journal.

Ambiguous.

Rufin Batz—Yes; the bold thing actually stared at me.

Edith—It's queer, but some people will stare at almost anything.—Bay City

Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work

Hood's Pills

easily and thoroughly. Best after dinner pills. 25 cents. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pill to take with Hood's Sarsaparilla.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMNCH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

"ALL THE MAGAZINES IN ONE"

THE REVIEW OF REVIEWS

Edited by ALBERT SHAW.

THE REVIEW OF REVIEWS, as its name implies, gives in readable form the best that appears in the other great magazines all over the world, generally on the same date that they are published. With the recent extraordinary increase of worthy periodicals, these careful reviews, summaries, and quotations, giving the gist of periodical literature, are alone worth the subscription price.

FIVE MONTHS FOR $1.00.

ANNUAL SUBSCRIPTION $2.50.

Aside from these departments, the editorial and contributed features of the REVIEW OF REVIEWS are themselves equal in extent to a magazine. The Editor's "Progress of the World" is an invaluable chronicle of the happenings of the thirty days just past, with pictures on every page of the men and women who have made the history of the month.

The Literary World says: "We are deeply impressed from month to month with the value of the 'REVIEW OF REVIEWS,' which is a sort of Eiffel Tower for the survey of the whole field of periodical literature. And yet it has a mind and voice of its own, and speaks out with decision and sense on all public topics of the hour. It is a singular combination of the monthly magazine and the daily newspaper. It is daily in its freshness; it is monthly in its method. It is the world under a field glass."

THREE RECENT SAMPLES 25 cents.

Agents find it the Most Profitable Magazine.

Sold on all News Stands. Single Copy, 25 cents.

STEPHEN D. STEVENS,
of Rockland county.

CONGRESSIONAL CONVENTION.

The Democratic Convention for the Seventeenth Congressional District, composed of the counties of Orange, Sullivan and Rockland, will meet at the Casino, in the city of Middletown, at 1 o'clock p. m., Thursday, Oct. 1st, 1896, to nominate a candidate for Representative in Congress for said district, and to transact such other business as may properly come before the convention.

By order of the Congressional Committee.

FIRST DISTRICT ASSEMBLY CONVENTION.

The Democratic electors of the First Assembly District, county of Orange, are hereby requested to send delegates from each ward and town, respectively entitled to attend this convention, to a convention to be held in the Court House, in the city of Newburgh, on Saturday, October 3d, 1896, at 10 o'clock p. m., for the purpose of nominating candidates for Member of Assembly and School Commissioner, for the First District of Orange county, and to transact such other business as may be brought before the convention.

By order of Assembly Committee.

SECOND ASSEMBLY DISTRICT CONVENTION.

The Democratic electors of the Second Assembly District of Orange county will meet at the several places, where the last primary meetings in their several towns or wards were held (unless such delegates have been already selected or unless otherwise ordered by the respective Town or Ward Committees), on Saturday, the 3d day of October, 1896, at three o'clock in the afternoon, for the purpose of electing delegates to represent said towns or wards at an Assembly Convention, which will be held at the Assembly Rooms, in the city of Middletown, on Tuesday, the 6th day of October, 1896, at noon, for the purpose of nominating a Member of Assembly and a School Commissioner, and for the purpose of transacting such other business as may properly come before the convention.

WM. H. CRANE,
GABRIEL TUTHILL, } Committee.
GEO. A. DURLAND,

If McKinley is elected it may be Postmaster Dayton after all. He is certainly a great deal nearer the prize than he was before he and his leaguers smashed the machine at last night's primaries.

At the Republican County Convention at Monticello, yesterday, ex-Judge Thornton put through his slate. George McLaughlin was nominated for Member of Assembly, George O. Frazer for County Clerk, and John Z. Twitchill and Monroe H. Wright for School Commissions in the first and second districts respectively.

In spite of the severest rain storm of the season the loyal Democrats of New York city gave William J. Bryan a more than royal welcome, last night. The crowd which gathered in and about Tammany Hall is estimated at not less than 50,000 and so great was their interest in the cause and so great their anxiety to see and hear the candidate, that undismayed by the pouring rain, thousands remained in the streets for hours. Deeper interest was never displayed in any political cause than the regular Democracy of New York city is showing in Bryan and his campaign for popular rights.

No part of Mr. Bryan's speech in Tammany Hall, last night, struck a more responsive chord than that which was devoted to an arraignment of the trusts and combines which in defiance of law oppress and rob the people. His pledge that if elected he would use all the power of his high office to drive every trust out of existence called forth the loudest applause of the evening. This vital issue of the campaign and the Democratic candidate's attitude toward it were most forcibly expressed in these words:

My friends there is a great contest in this country, which must be settled, and that is whether a few men, banded together, are more powerful than all the people. And while I do not want to array class against class, I am willing to array all the people who suffer from the operations of these trusts against the few people who operate the trusts.

Special Meeting of Phœnix's Active and Active-Honorary Members.

A special meeting of the honorary and active-honorary members of Phœnix Engine Co., No. 4, will be held at the engine house, Thursday evening, Oct. 1st, at 8 o'clock, to discuss fire parade matters.

By order of Vice President,
G. E. GILLEN.

Taken in time Hood's Sarsaparilla prevents serious illness by keeping the blood pure and all the organs in a healthy condition.

FOR SUPREME COURT JUDGES.

Without deals or dickers, and with substantial unanimity, the Democratic Convention for this judicial district at Brooklyn, yesterday, nominated for Justices of the Supreme Court four candidates, who in point of ability, character and all other qualifications for judicial place are infinitely the superiors of their Republican opponents. Two of the candidates, Judges Brown and Clement, are already on the bench and have won golden opinions for their legal knowledge and judicial impartiality. Judge Stevens, as County Judge of Richmond county for many years, has won more than local fame for ability, integrity and fairness, and Mr. Moore, as a leading member of the Brooklyn bar, has proved his fitness for judicial honors.

We append brief sketches of the candidates:

Justice Brown, who has served for fourteen years on the Supreme Court bench, is Presiding Justice at present of the Appellate Division of the Second District. He is a graduate of Yale, has been District Attorney of Orange county, was for five years County Judge, and in 1882 defeated Judge Tracy, the Republican candidate, for the Supreme Court. He is a resident of Newburgh.

Judge Stephen D. Stevens is serving a second term as County Judge of Richmond county.

Judge Thomas S. Moore was born fifty-four years ago at Newburgh. He was graduated from the Lawrence Scientific School of Harvard, and was subsequently Assistant Professor of Chemistry. He then studied law in the office of Judge William Fullerton, and was admitted to the bar in 1863. He became an Assistant District Attorney in New York in 1874, retaining the position for several years, when he returned to private practice.

Nathaniel Holmes Clement was born at Tilton, N. H., in 1844, and was graduated at Dartmouth College. He began the practice of law in Brooklyn in 1867. He was elected Judge of the City Court in Brooklyn in 1882, subsequently succeeding George G. Reynolds as Chief Judge, remaining in that capacity till the court was merged into the Supreme Court, this year.

Hop at Assembly Rooms Firemen's Night.

The Columbia Social Club will give a dance at the Assembly Rooms on firemen's night, Wednesday evening, Oct. 7th. Good music will be provided and everything possible will be done to make things pleasant for those who attend.

Population of State Hospital.

According to the *Conglomerate* there were, Tuesday, 1,179 patients in the State Hospital for the Insane, in this city, of whom 582 were males and 597 were females. During the week five patients was admitted and three discharged.

A Very Successful Fishing Trip.

Mr. and Mrs. M. J. Greening returned, last night, from a two days' fishing trip with friends at Glenmere Lake. They had great luck, for Mr. Greening brought home a string of forty-seven fine pickerel.

McQuoid Ladies Attention.

A meeting of the lady friends of McQuoid Engine Co. will be held at the engine house at 7:30 o'clock, this evening. A full attendance is desired.

Land Slide on the West Shore.

There was a land slide at Tompkin's Cove, on the West Shore road, last night, which covered the tracks, causing considerable delay to O. and W. trains, this morning.

Mothers Everywhere Praise It.

GILBERTSVILLE, N. Y., Dec. 31, 1895.—"Dr. Hand—I want every mother to know what a wonderful medicine Dr. Hand's Colic Cure is. Our little girl two months old has been troubled terribly with Colic. A friend recommended Dr. Hand's Colic Cure. I find it just what it is claimed to be and would give five dollars a bottle rather than be without it."—Mrs. Hubert Strait. Dr. Hand's Remedies for Children sold by all druggists. 25 cents.

All those creeping, crawling, stinging sensations that combine to make up the tortures of any itching disease of the skin are instantly relieved and permanently cured by Doan's Ointment. Take no substitute. Doan's never fails.

LATEST BY TELEGRAPH

SWEPT BY SEPTEMBER GALES.

Great Damage Done by Last Night's Violent Storm—Damage to the Amount of $1,000,000 Reported in Lancaster County, Pa.—Brunswick, Ga., Washington and Other Places Storm Swept.

BY UNITED PRESS.

BRUNSWICK, Ga., Sept. 30.—Great damage was done here by last night's gale, and the winds and waves destroyed much of Brunswick's shipping interests. Three big vessels were swept from their moorings and sunk. Three men were dangerously injured and many others less seriously. A woman was killed at Everett, near here. The pecuniary damage is put at half a million.

LANCASTER, Pa., Sept. 30.—Later advices indicate that the damage in this county by last night's storm will aggregate a million dollars. Hundreds of farmers lost their entire tobacco crops. Many brick walls and frame buildings were razed. The roof of a large tobacco shed just completely on Senator Quay's farm, was blown off.

WASHINGTON, Sept. 30—The storm here did great damage, the extent of which cannot yet be estimated. The city was shut off from telegraphic and telephonic communication in every direction for many hours. The winds were ultra-plus-hurricane velocity and the lightning was unprecedented in its intensity. There was much damage to stores on Seventh street and shade trees suffered lamentably, the streets being practically blocked in many parts of the city.

Nine men and one woman were buried in the debris of a building wrecked by the falling wall of an unfinished building on Pennsylvania avenue, but only two were hurt. A number of magnificent trees on the grounds of the Executive Mansion were destroyed. The residence of Senator Stewart was damaged $20,000 worth. Most of its tower, roof and windows are gone.

PHILADELPHIA, Sept. 30.—Reports indicate that last night's storm was very severe thoughout Pennsylvania and did great damage.

COLUMBIA, Pa., Sept. 30.—The railroad bridge here, one of the largest in the world, having been a mile and a quarter long, was destroyed, last night. It is feared several men were carried away with it.

O. AND W. DIRECTORS RE-ELECTED

BY UNITED PRESS.

NEW YORK, Sept. 30.—The old Board of Directors of Ontario and Western Railroad, was re-elected to-day.

DEMOCRATIC COUNTY CONVENTION

E. S. Merrill for Special County Judge—Theodore Church for Superintendent of Poor.

The Democratic County Convention held at Goshen, to-day, nominated E. S. Merrill, of this city, for Special County Judge, and Theodore Church, of Goshen, for Superintendent of the Poor.

A detailed report of the convention will be published, to-morrow.

Four New Delivery Wagons.

J. C. Runyon & Son have four new delivery wagons, making seven in all, which they find necessary to run in order to meet the demands of their increasing trade.

5 Sores

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit.

No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla.

It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.

That is the secret of its success.

Read this statement:

"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were

Scrofula

sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.

"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

Cured

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." MRS. ADA L. MOODY, Fay Street, Lynn, Mass.

This and many similar cures prove that

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. $1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

SUBSTITUTION IN PRESCRIPTIONS is the practice of substituting a commoner and less costly drug for the rarer and more expensive one and properly incurs a physian's strongest censure. Substitution is the refuge of dishonesty and an imperfect, incomplete stock.

Few Drug Stores in New York State equal ours in the completeness and excellence of its stock of rare reliable drugs from all parts of the globe. With us exists no occasion for substitution, and it is strictly forbidden in both our stores. This teaches you to bring your prescription to us to make sure of getting what your doctor prescribes.

MOTORMEN, Conductors, Housekeepers, Seamstresses, School Children, Teachers, Everybody with Hands need Orange Flower Balm to keep the hands smooth and white. Insist on the genuine, made only by McMonagle & Rogers, 25c.

DON'T Hack Your Throat Sore. Get a box of our ten cent Throat Lozenges. They are excellent to clear your voice and just as popular as ever.

—Mrs. Thomas Roche, who has been spending the summer with her mother, Mrs. Murray, on Cottage street, returned to her home in Brooklyn, to-day.

—Dr. Francisco, Medical Interne at the State Hospital, was in Albany, last week, taking an examination before the State Board of Medical Examiners.

—Capt. John M. Hawley U. S. N., was the guest of Assistant District Attorney Powelson, in this city, yesterday. The Captain was formerly in command of the cruiser Detroit, but is now on detached service.

—Friends here have received invitations for the marriage of Charles J. Stones, formerly of this city, and Miss Eva D., daughter of Mr. and Mrs. James A. Hopper, of Fishkill-on-Hudson. The event will take place, Wednesday evening, Oct. 14th, at 6 p. m., at the M. E. Church in Fishkill.

WOMEN'S PRESBYTERIAL MISSIONARY SOCIETY.

Semi-Annual Meeting at Washingtonville, To-morrow.

The semi-annual meeting of the Women's Missionary Society of Hudson Presbytery will be held in the Presbyterian Church, at Washingtonville, to-morrow, Thursday.

Ladies wishing to go to the meeting can obtain special rates through the kindness of the Erie and can leave Middletown at 10:48, reaching Washingtonville in time for lunch, which will be served in the church at 12 o'clock. The afternoon meeting at 1:15, will be addressed by Mrs. F. H. Pierson, corresponding secretary of the Home Mission Board.

Returning, Middletown ladies can reach home on the Orange county at 6.50.

Real Estate.

—Oscar Jones purchased, to-day, of W. D. Vail, a lot, corner of Oliver and Monhagen avenues, and expects to erect a dwelling thereon at once.

BOSS DAYNON ON TOP.

THE OLD REPUBLICAN MACHINE KNOCKED INTO SMITHEREENS.

Dayton and His Followers Carry the First and Fourth Wards and Will Control the City Convention—How the Battle Was Lost and Won—Nominations for Supervisors and Aldermen—Republican Predictions as to the Outcome of To-night's Convention.

Boss Boyd's machine was badly damaged, last night, in the ward caucuses to nominate Supervisors and Aldermen and elect delegates to the city convention.

The old machine came into collision with Boss Dayton's brand new machine and fared badly, although in Boss Boyd's own ward he held his own fairly well, but it is believed that the damage inflicted upon the old machine in the First and Fourth Wards is beyond repair and that it will never be fit for service again.

The contest was anticipated and both of the factions put forth their best efforts and the caucuses were the largest ever held in the First, Second and Fourth wards.

The Third Ward, for some reason, was not considered worth fighting for or else both sides believed it belonged to them. Every voter who could be induced to go out was present at the caucuses in the three wards where the fight was on.

In the Fourth Ward the old machine made a gallant fight, but was too weak to hold out against Boss Dayton's machine.

It was ordered at the beginning of the caucus that the vote for delegates should be by ballot and that the polls should remain open twenty minutes, but a count of noses showed that the men who had set out to down the old machine were in the majority and advantage was taken of the law permitting holding the polls open for one hour on a written request, and in the mean time agents were sent out to collect as many as possoble of the colored voters of the ward and about thirty of them were corralled, but when the ballot were counted the startling discovery was made that most of them had acted with the new boss and had swelled the majority they already had.

SUPERVISORS AND ALDERMEN.

The following are the nominations for supervisors and aldermen.

FIRST WARD.

Supervisor—James E. Brazee.
Alderman (long term)—Henry Funnell.
Alderman (short term) W. C. F. Bastian.

SECOND WARD.

Supervisor—Chas. J. Boyd.
Alderman (long term)—Edward C. Allen.
Alderman (short term)—Egbert Crans.

THIRD WARD.

Supervisor—J. E. Isman.
Alderman (long term)—C. G. Baldwin.
Alderman (short term)—John T. Ogden.

FOURTH WARD.

Supervisor—Nelson W. Wood.
Alderman (long term)—Edward Ayers.
Alderman (short term)—S. Geo. Memory.

The following are the proceedings besides the nominations given above:

FIRST WARD.

In the First Ward, J. W. Slauson was chosen chairman, W. F. Royce secretary, H. W. Wiggins and Dr. W. I. Pardy tellers and D. W. Berry and B. S. Dayton were chosen to see that a fair count was made.

The delegates chosen were the following who received 86 votes to 36 for their opponents. C. R. Fuller, H. Funnell, Ed. Thorpe, E. R. Russell, J. F. Tuthill, J. E. Brazee, J. W. Phillips, J. S. Cooper, B. S. Dayton.

The defeated ticket was as follows: J. W. Slauson, J. R. Van Duzer, W. C. F. Bastian, J. B. Carson, A. E. McIntyre, F. B. Denton, G. F. Close, V. N. Powell

The delegates were instructed to vote for D. W. Berry for Mayor.

J. F. Tuthill was elected city committeeman.

George A. Baker was a candidate for Alderman, but received only 33 votes to 51 for Mr. Funnell.

E. R. Russell, Ed. Thorpe and H. Funnell were named as the Ward Committee.

SECOND WARD.

In the Second Ward Judge T. N. Little was chairman and C. B. Hulse secretary, R. D. Mapes and P. G. Roosa were tellers.

There were 132 votes cast, of which the old machine had 106 and chose the following delegates:

J. F. Moore, Edward D. Tompkins, W. E. McWilliams, R. G. Shiter, Ira Dorrance, Edwin C. Allen, L. G. Wilson, A. L. Decker, P. G. Roosa.

The defeated ticket was T. N. Little, A. B. Hutchinson, A. B. Wilbur, S. R. Morgan, G. B. Wales, D. H. Keeler, Jr., C. E. Gardiner, G. H. Black, J. G. Van Kearen.

D. D. W. Schoonmaker, an employe of the condensery, doubtless representing Mr. Fellows, moved that the delegates be instructed for Mr. Fellows' candidates for Water Commissioner, F. O. Tompkins and Robert Cochran. Water Commissioner Rogers, who is trying to assist Mr. Fellows in bossing the water department, made a speech in favor of Mr. Fellows' scheme and the instructions went through.

W. E. Robertson, W. N. Knapp and P. G. Roosa were named as the ward committee.

THIRD WARD.

The Third Ward caucus was held at the Commercial House. D. H. Bailey was elected chairman and E. B. Quick, secretary. John H. King and Leander C. Purdy acted as tellers.

Delegates to the City Convention were chosen by ballot.

There were thirty-two votes all which were cast for the following: Julius F. Korn, W. A. Vail, W. G. Adams, F. A. R. Pronk, E. B. Quick, H. M. Hayes, D. H. Bailey, Geo. H. Swalm, C. G. Baldwin.

A motion to take an informal ballot to express the sense of the caucus for choice of Mayor was carried, but on the advice and motion of W. B. Royce was reconsidered. It is understood, however, that the delegates favor A. J. Hornbeck.

The delegates were instructed to vote for Leander C. Purdy for member of the Board of Education.

FOURTH WARD.

Daniel Finn was chairman, W. F. Bailey secretary and T. E. Hayes and E. D. C. Crans tellers. The new machine had 68 out of the 111 votes and had its own way. It elected the following delegates:

Charles Z. Taylor, Frank B. Davenport, Layard Abers, Charles Miles, J. J. Wood, William Van Schaick, George M. Wilkes, John T. Robertson, John J. Cox.

The defeated ticket was O. J. J. Werley, S. G. Memory, John Houston, E. D. C. Crans, Geo. W. Reed, Edward Ayers, D. D. Cranston, N. W. Wood, W. F. Bailey.

The delegates were instructed to vote for D. W. Berry for Mayor and Thos. A. March for Assessor.

Mr. Fellows was present and told the convention how much he had done for Middletown as Water Commissioner and that he had earned the right to select his associates in the Board. It was a startling proposition, but Mr. Fellows' letter, printed Monday, had partially prepared the voters for it. There was no mistaking the fact that they resented this attempt at dictation. A motion was made to instruct the delegates to vote for Mr. Fellows' candidates, but W. F. Bailey moved that it was the "sense of the meeting that Messrs. Tompkins and Cochran should be named" and a vote on the amendment, which was a real test of strength, was taken by uplifted hand and resulted in a majority of 28 against instructing the delegates to vote for the candidates named. A vote was then taken *viva voce* on the original motion and was declared carried, those who had voted with the majority on the amendment believing the question disposed of allowing it to go by default.

However the point was made that as no delegates had been elected they could not be instructed. It remains to be seen whether the delegates afterwards elected will do as Mr. Fellows bids them.

PROBABLE NOMINATIONS TO-NIGHT.

Republican politicans are agreed that unless the new machine slips a cog the nominees of to-night's convention will be D. W. Berry for Mayor, C. E. Mance for Alderman-at-Large and J. E. Barnes for Recorder. Messrs. Fellows and Rogers have strong hopes of pulling through their candidates for Water Commissioners, F. O. Tompkins and Robert Cochran, but well informed Republican politicians say that George W. West will be nominated instead of Mr. Cochran, and a still hunt is being made for a candidate against Mr. Tompkins on the ground that the Water Board ought not to be controlled by manufacturers.

All the factions seem disposed to leave to the convention the nomination of candidates for Members of the Board of Education.

OBITUARY.

Mrs. Benjamin F. Edsall.

From our Goshen Correspondent.

Mrs. Mary Rowe Edsall, wife of B. F. Edsall, died, yesterday afternoon, at her home on Church street, this village. She was sixty-five years of age and had for a number of years been an invalid. Her husband, to whom she was married, is one of the old and honored citizens of Orange county. He was formerly president of the Goshen Savings Bank and is now vice-president of the Goshen National Bank. He was elected County Treasurer prior to the war on the Democratic ticket, with which party he has always affiliated.

Mrs. Edsall's maiden name was Mary Rowe. She was the daughter of David Rowe, a prosperous farmer who lived in Chester at the time of her birth.

Five children have been born to Mr. and Mrs. Edsall. Two sons, George and Frank, died when about ten years of age, and three daughters, Mary, Lilian and Clara at home.

During all her married life Mrs. Edsall has lived at Goshen, a consistent member of the Presbyterian Church and by those who knew her for her patience under suffering and her many womanly qualities and Christian virtues kindly memories will long be cherished.

The will be held at 12 o'clock noon, on Friday, from her late residence. Interment at Slate Hill Cemetery.

The Ladies.

The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Company, printed near the bottom of the package. For sale by all responsible druggists.

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

INCIDENTS AND HAPPENINGS IN GOSHEN.

Will Preach in the M. E. Church—To Organize a McKinley Club—Mission Services at St. John's—Registration Days—The Athletic Society's Entertainment

From Our Regular Correspondent.

—William Tuthill, a student of theology, and a graduate from Goshen Institute, will preach in the M. E. Church, next Sunday night.

—The Republicans of Goshen will meet at the Court House, at 8 o'clock this evening, for the purpose of organizing a McKinley and Hobart Club.

—A mission will be held, next week, at St. John's Church, by priests of the Order of Passionists from the monastery at Hoboken. The mission will commence at high mass on Sunday at 10 a. m. On Sunday evening service will commence at 7:30, and on week days at 5 and 8 o'clock a. m., and at 7:30 p. m.

—Registry boards will sit at Goshen on Oct. 10th and 17th, from 9 a. m. to 9 p. m.

—Cataract Engine and Hose Company will meet Friday night.

—The attendance at the new Athletic Society's benefit, last night, was somewhat affected by the weather. The entertainment was a really good one, however, and those who attended were glad they had done so. Dancing followed the entertainment.

THE BICYCLE PARADE.

A Fine Demonstration Assured—Judges Appointed—Delegations from Out of Town.

The general committee on the proposed bicycle parade held a meeting, last evening at Excelsior's rooms. More than 200 wheelmen have promised to participate in the parade, and it is thought that this number will be more than doubled.

The following gentlemen were appointed judges for the purpose of awarding the several prizes which have been offered: A. V. N. Powelson, E. D. Tompkins, F. B. Denton, J. F. Bradner and G. H. Thompson.

Responses have been received from several wheelmen's organizations in neighboring cities and villages, and nearly all have promised to send delegations. Goshen has requested a separate division in the line.

THE NEXT CASINO ATTRACTION.

Mrs. John Hoffman Martin in a Double Bill.

Society is on the *qui vive* in expectation of the coming of Mrs. John Hoffman Martin and her own company of players to the Casino theatre, Saturday, Oct. 3, on which occasion Mrs. Martin will present a double bill, "Madame De Fontanges," an adaptation from the French by Tom Taylor, and an act from Macbeth.

A Supposed Horse Thief Caught.

A man named Silverman, who is believed to be an accomplice of Brombury, who is now in Goshen jail on the charge of stealing a horse from a Port Jervis liveryman, was arrested in New York, yesterday, and will be brought back to this county to keep the jail company until the Grand Jury meets.

An O. and W. Employe Promoted.

L. Morgan, formerly gang foreman at the Middletown shop, has been appointed general foreman in the motive power department of the New York, Ontario and Western Railroad of the Northern and Utica Divisions to take effect October 1st.

Lunch on Firemen's Parade Day.

The ladies of the First Baptist Church will serve refreshments on Firemen's parade day on James street, Wathen's old stand.

Troubled With Eczema.

"I have been afflicted with eczema and I have taken three or four bottles of Hood's Sarsaparilla, which purified my blood and improved my complexion. I have also been relieved of indigestion and nervousness by Hood's Sarsaparilla and I recommend it."—B. Lehrang, 9 Avenue A., New York

Hood's Pills act easily, yet promptly and effectively.

LOOKING IT OVER.

He sees everything. It looks well and the prospect pleases him. That's natural enough, as nothing is more interesting to contemplate than a house that looks just the thing for a home. We have plenty of houses that are just the thing for homes on our list of properties for sale in Middletown and vicinity. It would make any man who looked out like a full moon to inspect some of them. Looking over such property can have but one result. It means a purchase every time. Come to see us and let us talk terms of payment settle that point. Come and see how much we can do for a little.

AN HONORABLE RECORD.

Career of the New Quartermaster General of the Army.

President Cleveland's Selection of Gen. Charles G. Sawtelle for This Post Has Been Favorably Received —Other Changes.

The president has filled a vacancy in the quartermaster's department of the army, and filled another caused by the first, by the appointment of Col. Charles G. Sawtelle to be quartermaster general, with the rank of brigadier general, vice Gen. Richard N. Bachelder, retired, and First Lieut. Carroll A. Devol, of the Twenty-fifth infantry, to be an assistant quartermaster, with the rank of captain. The appointment of Col. Sawtelle to the higher office makes the following additional promotions in the quartermaster's department: Lieut. Col. William B. Hughes, to be colonel; Maj. J. B. Furey, to be lieutenant colonel, and Capt. C. A. Booth to be major. The vacancy in the lower grade named was filled by the transfer of Lieut. Devol from the line.

The selection of Col. Sawtelle for the quartermaster generalship was predicted soon after the retirement of Gen. Bachelder. Gen. Sawtelle stood at the head of his corps, and was next in line of promotion. He was senior in service to Gen. Bachelder, and was jumped when the latter was made quartermaster general several years ago. He has had a long and creditable career in the army. He was born in Maine May 10, 1834, and was appointed to the military academy from that state July 1, 1850. Graduated July 1, 1854, he was appointed a second lieutenant of the Second infantry, and a year later was transferred to the Sixth infantry. He served as regimental quartermaster from February 15, 1857, to June 19, 1861. He was appointed a first lieutenant June 5, 1860, and a captain and assistant quartermaster May 17, 1861. In August, 1862, he became an acting lieutenant colonel in the quartermaster's department, and rose through the grades in the regular establishment until he became colonel and assistant quartermaster general, September 12, 1894.

Gen. Sawtelle has an excellent record for active service during the civil war. He received the brevet rank of major, lieutenant colonel and colonel March 13,

GEN CHARLES G. SAWTELLE.

1865, for faithful and meritorious services in the quartermaster's department during the same period.

The official record of his services is as follows: He served with his regiment ~~in Minnesota from September, 1854~~, to July, 1855; in Nebraska and in Kansas (participating in the Sioux expedition June to October, 1855) to April 1858; on frontier duty at posts in California (quartermaster of the Colorado River expedition, California, February to April, 1859,) to July 10, 1861.

In charge of quartermaster depot at Perryville, Md., August, 1861, to March, 1862; at Fort Monroe, Va., forwarding troops and supplies to Army of the Potomac, to May, 1862, and as assistant in charge of transportation in that army to September, 1862; acting chief quartermaster Army of the Potomac, September 7 to November 12, 1862; chief quartermaster Second army corps, November 12, 1862, to January 24, 1863; chief quartermaster right grand division, Army of the Potomac, to February, 1863, and of the Cavalry corps to June, 1863; assistant chief quartermaster Army of the Potomac, June 21 to August 6, 1863; chief quartermaster of the cavalry bureau to February 15, 1864; chief quartermaster United States forces on the Rio Grande, Tex., to April 30, 1864; in charge of transports and supplies for Gen. Banks' army in the field in Louisiana, to June 6, 1864.

Chief quartermaster military division west Mississippi June 6, 1864, to June 2, 1865; of the military division of the southwest to July 17, 1865; of the department of the gulf and Fifth military district to August, 1867; in charge of clothing depot and assistant to the depot quartermaster in New York city to April, 1869; chief quartermaster department of California to August, 1872; of the third quartermaster's district, department of the east and division of the Atlantic, to July, 1874, and of the first quartermaster's district to October, 1876, post quartermaster at New York city to November 10, 1877; chief quartermaster, department of the east, to March, 1878; of the department of the Columbia, also depot quartermaster at Vancouver, Washington, May, 14, 1878, to April 9, 1881.

Chief quartermaster department of the south April 27, 1881, to April 27, 1882; of the division of the Atlantic and department of the east May 1, 1882, to October 29, 1883; on duty as assistant in office of quartermaster general, Washington, D. C., to September 26, 1890, depot quartermaster Philadelphia, Pa., to September 1, 1894, and at Governor's island, N. Y., as chief quartermaster department of the east, which assignment he still holds.

Gen. Sawtelle will retire from the active list of the army in May, 1898.

Horse Butchering in Paris.

There are at least 200 horse butcher shops in Paris. The first one dates from July 1, 1866, since when the consumption has grown continually. In 1872, 5,034 horses were eaten in Paris; in 1878, 10,000; in 1894, 21,227; in 1895, more than 30,000.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE, has its victim at a disadvantage. Always taught that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know" Mrs Laura Wineinger, of Selkirk, Kansas, writes: "I desire to let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, pain in my left side, oppressed feeling in my chest, weak and hungry spells, bad dreams, could not lie on either side, was numb and suffered terribly. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects. I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life."

HOUSEKEEPING [illegible]

It May Be Rendered Easy by Proper Provisions.

Whether or not housekeeping is hard work depends a great deal on how it is done. It certainly is not play; indeed, there is nothing in the world in the way of duties that most of the intelligent people who live in it are willing to call other than hard work if they are obliged to busy themselves at it day after day, week after week and year after year.

It is not always that housekeeping is such hard work, even under unfavorable circumstances; it is monotonous.

Up-to-date housekeeping need not be very hard work if one is well and arranges matters with any system. In the first place, the house must be properly built. The dining-room and kitchen must not be far removed from each other, and pantries, closets and store rooms are to be as near at hand as possible. There must be a laundry, with hot and cold water and arrangements for boiling clothes and heating irons. If this is provided, the kitchen floor should be covered with a matting

If carpets are considered necessary to the comfort of the household, they may be arranged rug fashion, with a border of inlaid wood, or if the floors are not good, of fine matting. This makes sweeping comparatively easy, as a brush clears the margins, and the carpet-sweeper puts the middle of the room in proper condition. The stairs should have plates in the corners, so that there is no tedious and troublesome digging out of acute angles. There should be screens to keep out flies in the summer, and weather-strips to keep out the dust all the year around. A furnace with the most improved dust-flues is a necessity, and the kitchen range must have a good draft, and be of an up-to-date pattern. The rooms should not be overloaded with bric-a-brac and furniture, but may be tastefully and daintily furnished without entailing upon the housewife the never-ending care of a lot of cumbersome fixings that are better out of sight than in.

A liberal supply of kitchen utensils should be provided, and there should be a sufficient closet space, so that when one is required, a dozen need not be displaced in order to get at it.

Closets and pantries should have snugly-fitted doors, with weather-strips to keep out the dust. The housekeeper who has never tried weather-strips on her pantry doors has little idea of their advantage. As for the daily food, if people are content to live simply, and this is very much better than elaborateness and too much attention to what one eats, the meals may be prepared without great labor. In the morning, vegetables may be made ready for the dinner, and much of the details of the meals of the day attended to. Some housekeepers think it next door to a disgrace to put away the dishes from one day's meal and wash with those of the next morning, but this method has points of grace, as can be attested by some who have tried it.

The food should be put away, and the dishes gathered and carefully placed, in snug shape, in a large dishpan. Over these place a thick cloth, to keep them from getting too dry. The table may remain spread from meal to meal, if the dining-room is used for no other purpose.

By looking ahead a little, and working with brains as well as hands, the duties of the household are, to a great extent, simplified, systematized and reduced to easy and manageable proportions.—N. Y. Ledger.

UNCLE EPH AND THE CYCLIST.

Not Hard for One Used to "Toting Barrels o' Sugar."

An athletic old colored man, who in his youth was employed in a sugar refinery in New Orleans, is now a helper in a bicycle store uptown.

When he is not otherwise employed it is his duty to give beginners their first lessons. The school of instruction is in the street, and almost every evening Uncle Eph may be seen steadying the wheel for some uncertain novice. The work is not easy, and only a very powerful fellow could stand it so well as the aged but well preserved darky does.

The other day there came a new pupil to the bicycle store. It was a lady past 40, still quite fair but undeniably fat. She stated her case very diffidently; said she thought she was past the bicycle riding age, and that she feared she would never succeed in mastering the wheel, but the family doctor had prescribed a bicycle. So there she was.

It was Uncle Eph who was assigned to give her the first lesson. No cavalier could have been more gallant. He showed her how to mount and what to do with her hands and feet. Then for one hard-working hour the mighty old Hercules kept that wheel upright, to the admiration of the streetful of people who saw him.

After the lesson was over the pupil thanked him profusely "I'm so heavy," she said, apologetically, "and you held me up the whole time. I'm afraid I must have tired you dreadfully!"

"Law, ma'am," said Uncle Eph, "I ain't a bit tired. You see, I uster wuk in New Orleans, an' I got use fer totin' barrels o' sugar."—N. Y. Journal.

Mush Gems.

Put half a pint of milk and same of boiling water over the fire. When hot add one cupful of corn meal. Stir and cook ten minutes. Add two teaspoonfuls of butter and a teaspoonful of salt and set aside to cool. When cold add two eggs beaten separately, first the yolks, then the whites. Bake in gem pans in a moderate oven 20 minutes and serve warm. A teaspoonful of baking powder should also be used. These are very nice made either of white or yellow meal.—Ladies' World.

No Room for Doubt.

"Jobson, I do believe that if you were given your choice between me and your pipe, you would hesitate."

"That's where you make a mistake, Mrs. Jobson. A pipe soothes and comforts a man in his old age."—N. Y. Herald.

F. MOULE.

A FEW WORDS REGARDING THE EYESIGHT.

We all desire to possess as good a vision as possible, and to have it last as far in life as we can; but when such is not the case we lose what is of the utmost value to us and grope along in ignorance of the blessings of normal vision. If your eyes are all right then you have a reason to be thankful, but unless they have been examined, even though the sight may appear correct, there are sometimes latent conditions, which, if corrected at once, would prevent much trouble in later years. Headache, pain over the eyes and watery and inflamed lids are in most every case due to imperfect refraction and the timely use of properly fitted glasses save the only relief and preserve the eyes from further strain. Having studied and practiced the science of optics for years we have good authority for saying that we are fully competent to take care of your case. What Is Your Comparison? We are prepared to show you what your vision is FREE OF CHARGE

STATE OF NEW YORK,
Office of the Secretary of State,

ALBANY, August 1, 1896.

Pursuant to the provisions of section seven, article nine of the Constitution, I cause the annexed Concurrent Resolution, proposing an amendment to section seven, article seven of the Constitution of the State of New York, relating to the forest preserve, to be published for the benefit of the electors of the State, and that the said amendment will be submitted to the people for their approval or disapproval at the general election to be held on the Tuesday next after the first Monday of November, eighteen hundred and ninety-six.

AMENDMENT NUMBER THREE.

CONCURRENT RESOLUTION

PROPOSING AN AMENDMENT TO SECTION SEVEN OF ARTICLE SEVEN OF THE CONSTITUTION, RELATING TO THE FOREST PRESERVE.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section seven of article seven of the Constitution is hereby amended to read as follows:

§ 7. The lands of the State now owned or hereafter acquired constituting the forest preserve as now fixed by law, shall be forever kept as wild forest lands. They shall not be leased, sold or exchanged, or be taken by any corporation, public or private, nor shall the timber thereon be sold, removed or destroyed. The Legislature may authorize the use of not exceeding in any one year, and may except from the provisions of this section, not exceeding in any one year, a total of ten acres of such lands for the purpose of a road for the use of the inhabitants of a portion of a county, and may except from the provisions of this section not exceeding in any one year

JUDGE CHARLES F. BROWN.

Mr. Vanamee's Eloquent Tribute to His Personal Worth and Judicial Record.

In the judicial convention for this district in Brooklyn, yesterday, Mr. Vanamee in presenting the name of Judge Charles F. Brown, paid a just and very eloquent tribute to Judge Brown's personal worth and the spotless record he has made as an able, impartial, fearless judge. Mr. Vanamee said:

Mr. Chairman and Gentlemen of the Convention:

It becomes my privilege and my delight to present to your consideration once more for the high office now occupied by him, the name of Charles F. Brown, of Orange county.

I say of Orange county for it is natural that Orange county should be proud, as she has reason to be proud, of all the judges she has contributed to the service of this judicial district. But Judge Brown in his official relations and in his judicial experience belongs not to one county, or even to this district alone, but to the State at large, upon whose jurisprudence he has made a deep and lasting impress and with whose judicature he is identified as one of its purest, ablest and most respected representatives.

For nineteen consecutive years Judge Brown has occupied judicial position. During four years of that period he sat upon the bench of the Court of Appeals of the State and at present he is the presiding justice of the Appelate Division of the Supreme Court in this department. The appointments to these positions were conferred in recognition of conspicuous, demonstrated and approved fitness for the highest functions, the most exacting cudes of the judiciary. How faithfully, how impartially, how conscientiously, how ably those functions have been fulfilled and those duties have been discharged is known of all men—known not merely to his associates and to the legal profession, but to the great body of the profession throughout the length and breadth of our State. Indeed, it is inconceivable that the people of this judicial district should allow the State to be deprived of services so valuable and abilities so conspicuous, or that party spirit and political bias, which never have found the least place or exercised the least influence in his judicial sphere should be permitted to displace him from a career of rare usefulness, activity and industry.

It is a satisfaction to know that the profession at large, independently of party, is united as to the propriety, the importance, the necessity of retaining upon the bench one whose wide learning, whose firm grasp of principles, whose quick perceptions, whose accurate insight, whose intellectual clearness, whose sound judgment and whose absolute independence constitute an element and an influence of such enormous advantage and usefulness in the practical administration of the judicial branch of the government in this district. The interests, individual, social, corporate, municipal and moral, which arise in the courts of this judicial district are vast in their scope, their significance and their consequences. The life of this entire community in all its varied manifestations of activity and power, of weakness and error, of selfishness and greed, of truth and honesty, seethes upward into the courts in every aspect of human energy, strife and passion. At no time in our history has it been as important as now that our judges should be men of moral and intellectual weight,—men of power and light and leading; possessed of the respect, the confidence and the ready acquiescence of the people. This district has been fortunate in its judges in the past. The suspicion of bias or the breath of scandal has never approached the judiciary of this district. It has never been more fortunate than in the distinguished career, the lofty character, the pure example, the unspotted record of Judge Charles F. Brown.

The true greatness of a judge is not always apprehended by the mass of our people. A judge necessarily leads a life of seclusion and self-denial, holding himself aloof from all those associations, relations, influences and interests which might by any possibility come before him in his official capacity. It is only the members of the bar who learn the full measure of a judge's ability and fitness. Nor is it easy for a practicing lawyer to praise a judge. There is danger that his motives may be misunderstood and the propriety of his action impugned. You may not praise a judge for a righteous, a courageous, an able decision, for it is his simple duty to be just, fearless and correct without reference to either praise or censure. But there are times when undue reticence may be as indelicate as undue praise, when false delicacy may be as reprehensible upon the one hand as unsome flattery upon the other; when it is right that some one should voice to the people of the district the general sentiment, the deliberate conclusion of the bar as to the qualities and characteristics of our judicial officers to the end that the just, legitimate and, I trust, not wholly obsolete influence of the bar may be exercised upon a question so momentous to the interests of the people as the preservation of a high standard in the administration of justice. It is not amiss then to make use of this opportunity to mention that conspicuous trait in the character of Judge Brown which has contributed so largely to his usefulness and his success in every department of his judicial work, whether at special or trial term, whether in Appellate Division or the Court of Appeals. I refer to his absolute lack of self-consciousness. Judge Brown never thinks about himself or of the impression which he may be making upon either the bar or the public. His mind is wholly upon the case—upon the principles involved and upon the questions of law and equity to be determined. Much of this entire freedom from self-consciousness is doubtless due to that profound familiarity with those principles and that readiness in seizing upon them, the absence of which leads in some cases to consciousness, embarrassment and reserve. But whatever the cause, the result has been that a singular blending of ease, simplicity, power and dignity has always marked the bearing of Judge Brown upon the bench. Not one judicial affectation, not one judicial mannerism has grown upon him during these nineteen years of consecutive judicial service to mar the symmetry of a judicial character and a judicial method which by the general consent of the bar, confirmed by the judgment of its ablest members from abroad, has been pronounced to be admirable, ideal, faultless, unsurpassed.

When to the ripest learning and the highest abilities you find united the choicest qualities of temperament and character, where will you turn for a candidate for this high office but to him who has already shed upon it the lustre of an honored name and a consecrated life. You will, I know, Mr. Chairman and gentlemen of the convention, deem it a privilege to commend to the people of this district for a renewal of his term of office as a Judge of the Supreme Court, him who on the bench of justice never knew a friend or a foe; him who on the bench of justice never swerved to the right or to the left; him who may be depended upon to hand on the precious and honorable traditions of our judiciary untarnished and inviolate; him who may be depended upon to bring to his duties in the future, as in the past, those broad, upright and exalted standards of judicial integrity and independence upon which rest the purity, the safety and the value of our judicial system,—Judge Charles F. Brown.

AT THE HAWKINS RANGE.

Four Members of the 24th Qualify as Sharpshooters.

A number of members of the 24th Separate Company braved yesterday's storm and visited the Hawkins range for the purpose of qualifying as sharpshooters. Only four were able to make the necessary score of 42 out of a possible 50 at 300 and 500 yards. They were as follows:

Capt. A. E. McIntyre, 43; Lieut. M. C. Ashley, 43; Private E. H. Rose, 42; Private J. E. Decker, 42.

A Birthday Surprise.

About twenty-five friends and neighbors gave Oliver W. Wells a surprise, last evening, at his residence, which he has just completed on Wawayanda avenue, just outside the city limits.

It being his birthday, he was presented with several beautiful presents, and about midnight the guests departed, wishing him many returns of his natal day.

Trolley Books Free.

The Advertising Journal Company will give trolley books on same schedule as other premiums. Over 11,300 tickets were used in this city week before last. Make your purchases at the stores accepting periodical tickets and do not forget to use them and you can get anything you want free of all charge. 1t

A Boy's Arm Crushed.

Charlie Herman, a Port Jervis boy, while playing about cars in the Erie yard, Monday afternoon, had one of his arms so badly crushed that amputation at the shoulder joint was necessary.

To-morrow's Mary Powell Excursion.

The last Mary Powell excursion of the season, to-morrow, via O. and W. and the Mary Powell from Cornwall. Fare only a dollar for the round trip. Train leaves Wickham avenue at 7 and Main street at 7:02.

WOMAN'S LONG HOURS.

She Toils After Man's Day's Work Is Done.

What She Has to Contend With—Work That Sooner or Later Breaks Down Her Delicate Organism.

The great majority of women "work to live" and "live to work," and as the hands of the clock approach the hour of six, those employed in stores, offices, mills and factories, hail closing time with

joy. They have won their day's bread, but some duties are yet to be performed, and many personal matters to be attended to. They have mending to do, and dresses or bonnets to make, and long into the night they toil, for they must look neat, and they have no time during the day to attend to personal matters.

Women, therefore, notwithstanding their delicate organism, work longer and more closely than men.

They do not promptly heed such signs as headache, backache, blues, pains in the groins, bearing-down, "all gone" feeling, nervousness, loss of sleep and appetite, whites, irregular or painful monthly periods, cold and swollen feet, etc., all symptoms of womb trouble, which, if not quickly checked, will launch them in a sea of misery.

There is but one absolute remedy for all those ills. Any woman who has to earn her own living will find it profitable to keep her system fortified with this tried and true woman's friend. Lydia E. Pinkham's Vegetable Compound speedily removes the cause and effects a lasting cure.

We are glad to produce such letters as the following from Miss M. G. McNamee, 114 Catherine St., Utica, N.Y.:

"For months I had been afflicted with that tired feeling, no ambition, no appetite, and a heavy bearing-down feeling of the uterus. I began to use Lydia E. Pinkham's Vegetable Compound. Soon those bad feelings passed away; I began to have more ambition, my appetite improved and I gained rapidly in every way, and now I am entirely well. I advise all my friends to use the Compound, it is woman's truest friend."

DeWitt's Witch Hazel Salve
Cures Piles, Scalds, Burns.

Flowers love the Sunlight and always turn to it. The modern housewife learns to love

Sunlight Soap

and always turns to it to help her out on "wash day" or any other day when she needs a pure, honest soap which cleanses everything it touches and doesn't injure anything, either fabric or hands.

Anne Bingham, pltf. and respt., vs. Abbie W. Gillet, deft. and aplt.

Annie McDonald, pltf. and respt., vs. Abbie W. Gillet, deft. and aplt.

Rose McGowan, pltf. and respt., vs. Abbie W. Gillet, deft. and aplt.

Louis Doerr vs. David Swartwout.

Thomas Fulton and another vs. Alfred C. Fredericksen.

IN NEW QUARTERS.

Bull & Youngblood's Removal to 56 North Street.

Bull & Youngblood will begin business, to-morrow, in their new store, 56 North street. They have put in a large stock of new goods, and the store being large and admirably adapted for the grocery trade, they will be able to carry on business more advantageously than heretofore.

Bull & Youngblood have been in business in this city for nineteen years,—two years in the Winters building on East Main street and seventeen years at 37 North street, the store they have just vacated. They have fairly won the business success they have achieved. They have sold goods at low prices, have given their business the closest personal attention and have aimed in every way to please their customers, and hope in their new quarters to merit and command the same liberal patronage that has been accorded them in the past.

MESMERIZED.

Bad Habits Make a Man Act Like He Was Under a Spell.

A man will try to convince himself by arguments so poorly founded that if they were presented by another they would be treated with contempt. As an instance: He may be ailing from the heavy poison of tobacco, or the lighter poison of coffee, the weakened condition will show somewhere in the body, eyes, head, stomach, heart, liver, bowels or somewhere. His doctor tells him to stop the habit, but each day the thought comes, "O, coffee and tobacco don't hurt me, it's my stomach that is at fault: I'll have that cured and everything will be all right:" so he keeps on with his habits, and goes to drugging a poor old stomach that would do its work beautifully if the master would furnish enough vitality to run it, but he poisons his nervous system and robs the members of strength to carry on their work. When a man wakes up to what he is doing, exchanging his health and chance to succeed in this world, for a paltry habit or two, he quits them and follows nature's wise laws.

It is easy to give up coffee if one can have Postum, the food drink, which is a fac-simile in looks of fine Mocha coffee. In taste it retains a like pungency with coffee, but has a distinct flavor of its own. It is made entirely of pure grains, and has the ability to make red blood quickly.

Tobacco, morphine, whiskey, strychnine and coffee each contain much the same poisonous alkaloids, but vary in strength. Postum is a delicious breakfast drink; it is fattening and nourishing, for it is made of the grains intended by the Creator for man's natural use and scientifically prepared by the Postum Cereal Co., Lim., of Battle Creek, Mich.

Beware of the fraudulent imitations of the original Postum Cereal grain coffee. Insist on Postum.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,
F. J. CHENEY & CO., Toledo, O
